Parent/Guardian Agreement

As the internships provide real job experiences, students are treated like young adults, expected to show maturity and sound judgment. This is an excellent opportunity for your son/daughter to gain confidence in making an educated career choice from their experience with the program. Acceptance is based on your son/daughter's expressed interest in this program, meeting the program criteria, and having the application approved by the applicable school coordinator. The employer through the interview process makes final decisions on placements.

Special circumstances regarding program admission:

- I have read over the items that my son/daughter has filled in on this form and agree with the content statements provided by my son/daughter.
- I acknowledge and agree to the above terms.
- I agree that employers for the purpose of determining potential worksite placements may view the application along with the submitted resume and cover letter. There are no guarantees that my son/daughter will receive an employer worksite placement/internship.

Placements (Parents please note.)

Off-Campus programs are dependent on the availability of suitable worksites. Employers often request interviews and retain the right to select candidates. Every attempt will be made to secure worksite internships for each student that applies and is accepted into the program; however, neither the School nor CAREERS: The Next Generation can guarantee that every student will be placed.

- ✓ If you know of a placement opportunity for your student, please contact your school's off-campus coordinator or your local CAREERS director with information on that placement and they can assist in securing that placement for your student.
- ✓ If you are an employer that would consider taking a student, please contact either the school's off-campus coordinator and your local CAREERS director for more information on the program and how you can get involved in assisting youth make educated career choices.

STUDENT: Please submit through your school off-campus teacher to the local CAREERS Field Director.

Teacher Recommendation Form

The CAREER'S Water and Wastewater Operations (WWO) program requires student dedication and commitment to the 2-year model for developing theoretical and practical skills.. The student practical component may be attached to an employer in a workplace/field-related setting. The student will be responsible for learning many new skills, working independently and showing great respect to his/her employers and fellow employees.

It is in the best interests of the student, the school, and the community, that a student who takes part in off-campus education activities outside of the school, under the supervision of the school, be perceived in a positive manner. When assessing the eligibility of a student for WWO, it is important that all are confident that your school is well represented. To that end we ask you to provide information on the student as identified below. This information is to form part of the criteria for student eligibility for the WWO Program. Student participation in the program will require that school scheduling provide blocks of time each day for the student to focus on and complete the theory coursework. Thank you in advance for your support..

Based on your instructional experience in working with this student, place a check mark (✓) on each numbered line below the ratings of 1 (low) through 10 (excellent).
